I would like to recognise and commend ***Shrewsbury International School, Bangkok Riverside*** and in particular the staff mentioned above for their commitment to, and professionalism shown in delivering such outstanding events.

I had the pleasure of attending both the Student Leadership Conference and the Squash Invitational and the events were well organised and executed and contributed to the fulfilment of our mission *to deliver value for our members by ensuring high quality British-style international education through shared professional development, student enrichment and mutual support between Member Schools in the region.*

Congratulations to you and your community for being exemplary hosts for these very successful FOBISIA events. They have enriched the FOBISIA family and provide excellent models for future hosts.

Thank you once again for your outstanding contribution to our community. On behalf of all of us at FOBISIA HQ and the FOBISIA Board, we look forward to working with you again in the future.
